Date

Honorable Greg Abbott, Governor Honorable Glenn Hegar, Texas Comptroller Sarah Keyton, Assistant Director, Legislative Budget Board John McGeady, Assistant Director, Legislative Budget Board Lisa Collier, First Assistant State Auditor

Ladies and Gentlemen:

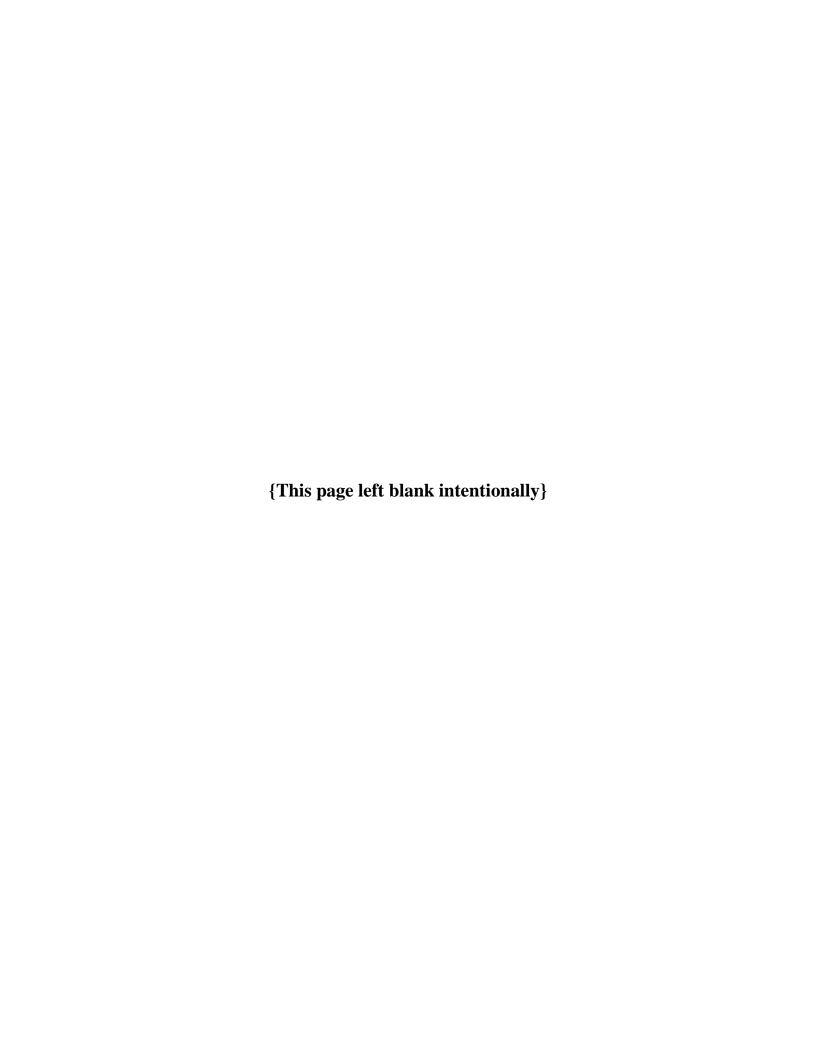

We are pleased to submit the annual financial report of the Executive Council of Physical Therapy and Occupational Therapy Examiners for the year ended Aug. 31, 2019, in compliance with Texas Government Code Annotated, Section 2101.011, and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) 34, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the state auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Ebony Holley at (512) 305-6967.

Sincerely,

Ralph Harper Executive Director

EXECUTIVE COUNCIL OF PHYSICAL THERAPY & OCCUPATIONAL THERAPY EXAMINERS (533) NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. ENTITY

The Executive Council of Physical Therapy and Occupational Therapy Examiners is an agency of the State of Texas, and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts Reporting Requirements of State Agencies.

The Executive Council of Physical Therapy and Occupational Therapy Examiners is an independent state health regulatory agency created by the Seventy-third Legislature in 1993, and operates under the authority of Tex. Rev. Civ. Stat. Ann. Art. 4512e-1. The legislation merged the administrative functions of the Board of Physical Therapy Examiners and the Board of Occupational Therapy Examiners under the Council, while keeping the rule and decision-making authority of the two boards intact. The two boards regulate the professions of physical therapy and occupational therapy through licensing and enforcement.

Due to the significant changes related to Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying financial report to be in compliance with generally accepted accounting principles (GAAP). The financial report will be considered for audit by the State Auditor as part of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Blended Component Units

No component units have been identified which should have been blended into an appropriate fund.

B. FUND STRUCTURE

The accompanying financial statements are presented on the basis of funds and account groups, each of which is considered a separate accounting entity.

GOVERNMENTAL FUND TYPES & GOVERNMENT-WIDE ADJUSTMENT FUND TYPES

EXECUTIVE COUNCIL OF PHYSICAL THERAPY & OCCUPATIONAL THERAPY EXAMINERS (533) NOTES TO THE FINANCIAL STATEMENTS

General Revenue Fund

The General Revenue Fund is used to account for all financial resources of the state except those required to be accounted for in another fund.

Capital Asset Adjustment Fund Type

Capital Asset Adjustment Fund Type will be used to convert governmental fund types' capital assets from modified accrual to full accrual.

Long-Tem Liabilities Adjustment Fund Type

Long-Term Liabilities Adjustment Fund Type will be used to convert governmental fund types' debt from modified accrual to full accrual.

FIDUCIARY FUND TYPES

Agency Funds

Agency funds are used to account for assets held as an agent for individuals, other governmental entities, and/or other funds. Licensing fees are collected by the council as an agent for the State. Such fees are not appropriated for the agency's use, but are deposited by the agency to the State General Revenue Fund. Agency funds are custodial in nature and do not involve measurement of results of operations.

C. BASIS OF ACCOUNTING

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual basis of accounting. Under the modified accrual, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year end.

The State of Texas considers receivables collected within sixty days after year end to be available and recognizes them as revenues of the current year for Fund Financial

EXECUTIVE COUNCIL OF PHYSICAL THERAPY & OCCUPATIONAL THERAPY EXAMINERS (533) NOTES TO THE FINANCIAL STATEMENTS

Statements prepared on the modified basis of accrual. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual method of accounting. This includes Capital assets, Accumulated depreciation, Unpaid employee compensable leave, The outstanding debt service principal on long-term liabilities, Capital leases, Long-term claims and judgments, Full accrual revenues and expenses, Pension amounts in governmental activities. The activity will be recognized in these new fund types.

B. BUDGETS AND BUDGETARY ACCOUNTING

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act).

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

D. ASSETS, LIABILITIES, AND FUND BALANCES/NET ASSETS ASSETS

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Restricted Assets

Restricted Assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements.

Inventories and Prepaid Items

Inventories include both, merchandise on hand for sale and consumable inventories. Inventories are valued at cost, generally using the last-in, first-out method. The consumption method of accounting is used to account for inventories that appear in the proprietary fund types and the government-wide statements. The cost of these items is expensed when the items are consumed.

EXECUTIVE COUNCIL OF PHYSICAL THERAPY & OCCUPATIONAL THERAPY EXAMINERS (533) NOTES TO THE FINANCIAL STATEMENTS

Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost, or if any purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets such as works of art and historical treasures are not depreciated. Road and highway infrastructure is reported on the modified basis. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

All capital assets acquired by proprietary funds or trust funds are reported at cost or estimated historical cost, if actual historical cost is not available. Donated assets are reported at fair value on the acquisition date. Depreciation is charged to operations over the estimated useful life of each asset, using the straight-line method.

LIABILITIES

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Employees Compensable Leave

Employees Compensable Leave Balances represent the liability that became "due" upon the occurrence of relevant events such as resignations, retirements, and used of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net assets.

FUND BALANCES/NET POSITION

The difference between fund assets and liabilities is "Net Assets" on the government-wide, proprietary and fiduciary fund statements, and the "Fund Balance" is the difference between fund assets and liabilities on the governmental fund statements.

Reservations of Fund Balance

Fund balances for governmental funds are classified as either reserved or unreserved in the fund financial statements. Reservations are legally restricted to a specific future use or not available for expenditures.

Reserved for Encumbrances

EXECUTIVE COUNCIL OF PHYSICAL THERAPY & OCCUPATIONAL THERAPY EXAMINERS (533) NOTES TO THE FINANCIAL STATEMENTS

This represents commitments of the value of contracts awarded or assets ordered prior to yearend but not received as of that date. Encumbrances are not included with expenditures or liabilities. They represent current resources designated for specific expenditures in subsequest operating periods.

Reserved for Consumable Inventories

This represents the amount of supplies, postage and prepaids held to be used in the next fiscal year.

Unreserved/Undesignated

Other-represents the unappropriated balance at year-end.

Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Assets

Restricted Net Assets result when constraints place on net asset use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets

Unrestricted net assets consist of net assets, which do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources, which are imposed by management, but can be removed or modified.

E. INTERFUND TRANSACTIONS AND BALANCES

The agency has the following types of transactions among funds:

- 1) Transfers: Legally required transfers that are reported when incurred as "Transfers In" by the recipient fund and as "Transfers Out" by the disbursing fund.
- 2) Reimbursements: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursement of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund.
- 3) Interfund receivables and payables: Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as "Current", repayment for two (or more) years is classified as "Non-Current".

EXECUTIVE COUNCIL OF PHYSICAL THERAPY & OCCUPATIONAL THERAPY EXAMINERS (533) NOTES TO THE FINANCIAL STATEMENTS

4) Interfund Sales and Purchases: Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund. The composition of the agency's Interfund receivables and payables at August 31, 2019, if any, is presented in Note 12.

NOTE 9: RETIREMENT PLANS {ERS ONLY}

The State has joint contributory retirement plans for substantially all its employees. The agency participates in the plans administered by the Employees Retirement System of Texas. Future pension costs are the liabilities of the Retirement System. The System does not account for each State agency separately. Annual financial reports prepared by the System include audited financial statements and actuarial assumptions and conclusions.

NOTE 10: DEFERRED COMPENSATION {ERS ONLY}

State employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in the TEX. GOV'T. CODE ANN. §609.001. Nine deferred compensation plans are available for employees to choose from. Both plans are administered by the Employees Retirement System.

EXECUTIVE COUNCIL OF PHYSICAL THERAPY & OCCUPATIONAL THERAPY EXAMINERS (533)

UNAUDITED

ADDENDA 1

FUNCTIONS

The Executive Council of Physical Therapy and Occupational Therapy Examiners is an independent state health regulatory agency created by the Seventy-third Legislature in 1993. The legislation merged the <u>administrative functions</u> of the Board of Physical Therapy Examiners and the Board of Occupational Therapy Examiners under the Council, while keeping the rule and decision-making authority of the two boards intact. Among its responsibilities, the Council develops the budget and sets the fees for both boards, and has general oversight over their rulemaking. The two boards regulate their respective professions of physical therapy and occupational therapy through licensing and enforcement.

The relationship established between the Executive Council and the two boards is unique in Texas state government. The policy-making body of the Executive Council consists of a physical therapist and a public member from the PT Board, an occupational therapist and a public member from the OT Board, and a public member appointed by the Governor, who serves as the Presiding Officer. All of the council members are appointed for two-year terms (the board members are appointed to their boards for six-year terms).

The staff of the Executive Council is headed by an Executive Director, and is organized into three functional areas – administrative support, licensing, and investigations. All employees of the Council directly support or carry out the functions of one or both boards. The administrative staff supports the activities of the boards in areas that include financial administration, information services, personnel administration, and general administration. The licensing staff is composed of three sections: licensing, renewals, and facility registrations. They are responsible for ensuring quality services for the consumers of Texas by licensing only qualified physical and occupational therapists. While the process of issuing licenses is the predominate activity, approximately 40% of staff time is spent responding to inquiries about the profession. The three-person investigation staff receives and investigates all complaints against the boards' licensees and works closely with the investigation committees of the two boards and other state/federal agencies.

The two boards are members of the Health Professions Council, a confederation of representatives of all independent health regulatory agencies in Texas. The Health Professions Council was also created by the 1993 Legislature to address certain common areas of cooperation, such as administration, budgeting, board member training, and the administration of complaints. The Executive Council, as well as the other members, provides the financial support for the Health Professions Council.
